EXPERIENCE

Blackstone Products **Industrial Designer** | Logan, UT • Oct 2020 - present

Developed and designed innovative outdoor cooking products and accessories. Implemented process and design documentation for CMF and design research. Integrated uniform design languages across 12 different product lines. Specialized in user research and analysis; ground-up industrial design; design and mechanical CAD; and VBL development.

Lead design of the E-Series Electric Pizza Oven, GE Tool Caddy, and Prep Table. Collaborated in the designs on Pro Series Griddle Collection, BAR System Accesory Kit, and Griddle Essentials Series.

Ventev Mobility **Industrial Design Consultant** | Aug 2020 - present

Matter Brands Designed innovative products that range from mobile accessories to hair accessories.

WingoCase Products Provided design knowledge, CMF documentation, and presentation deck building for product development.
GIMME Beauty

ZAGG Inc. **Industrial Designer** | Midvale, UT • Dec 2018 - Sept 2020

Developed new and refreshed lifestyle products for the ZAGG, BRAVEN, IFROGZ, Gear4, HALO, and InvisibleShield brands. Executed the design of successful products, including:

BRAVEN • Lead design on the BRV-Mini Speaker. Guided several updates to align with BRAVEN visual brand language and user interface. This product gained more traction in the market than previous BRAVEN speakers of similar size.

ZAGG • Responsible for Rugged Messenger Program. Collaborated with multiple teams to push product to market.

Heath Consultants **Industrial Designer** | Houston, Texas • Dec 2016 - Nov 2018

Designed user centered products for methane gas detection. Collaborative designs on surveyor harnesses and UI/UX development on RMLD-CS.
